

## Indian firm operating Chabahar Port to invest \$85 million to carry out loading, discharging of cargo

---

Senior port state control officer of the Chabahar Port of Iran, Sa Hashemi, on Saturday said the port's operator, an Indian company, is going to invest \$85 million by bringing equipment to carry out loading and discharging at the port. "Our operator, which is an Indian company, is going to invest \$85 million here by bringing some equipment to carry out loading and discharging. The Indian company has the loading and discharging responsibility of all the ships that come, all the ocean-going ships," he said
