

Shopping Malls and Markets

The markets of every city have their own attractions, but the attractiveness of the markets in free zones is doubled. The variety of goods, reasonable prices, and remarkable quality have made the shops of the Chabahar Free Zone famous. This complex includes 6 passages named Tis Ferdows, Salehiar, Sadaf, Pardis, and Abrisham

The Cultural and Artistic Place of Milad

On particular days of the year, the Chabahar Free Zone holds special festivities in which participating is one of the best steps to get acquainted with Baluchi culture. The region's festivals are held on all nights of Nowruz, the monsoon days in summer and one week in autumn. Baluchi music is a regular feature of these festivals, which provides a unique opportunity for the audience to get familiarized with the rich music culture of the Baluchistan province. In recent years, at Nowruz, competitions have been held to identify talented young Baluch singers and musicians, entitled the "Zimol Festival" that its reputation has spread across the region and found a trans-regional audience.

Diving Training Center

Unique species of soft corals, deer antlers, kernels, blackbirds, etc., in addition to algal zones, have made Chabahar Bay a desirable habitat for ornamental fish. It can be said that Chabahar Bay is a large natural aquarium that its underwater wonders can delight any spectator. So the first opportunity for fun in the Chabahar Free Zone is to dive in the water and watch the unknown underwater world.

To dive into the Oman Sea and see the unknown underwater world, you have to go to the free zone diving school. The school has teachers who, with a few hours of training, prepare you to dive into the sea.

Water Recreations in Chabahar Free Zone

Iran has only one beach point where surfing is available, which belongs to the village of Ramin in Chabahar. The special location and the waves of the beach create suitable conditions for surfing. In addition to boat riding, banana and shuttle rides can make your trip to Chabahar memorable. Banana is a banana-shaped boat and the shuttle is a tube that comes in different sizes and is filled with air. This tube stands on the water and a boat pulls it in all directions. Jet skiing and fishing are other enjoyable water sports in Chabahar

Tiss Beach Resort

The calmness and very low slope of Tis beach have provided children with the pleasure of playing and swimming in the sea with safety and peace of mind. There is also the opportunity to swim in the waters of the Oman Sea for adults. The beach also has facilities such as pavilions, showers, snacks, and restaurants. Leisure activities such as boat riding, inflatable pools, and water slides are also provided there.
